

RISE & RADIATE

LEADERSHIP DEVELOPMENT FOR WOMEN OF COLOUR

WHY RISE & RADIATE?
EMPOWERING WOMEN OF COLOUR TO
SEEN, HEARD, VALUED AND RESPECTED

Rise & Radiate is a transformative 12-month leadership journey designed exclusively for women of colour. Our mission is to empower you to find, use, and amplify your voice—breaking the silence, sharing your story, and leading with authenticity in every room you enter

WHY THIS PROGRAM?

Women of colour face unique and intersecting challenges—often **feeling silenced, invisible, or undervalued in both professional and personal spaces**. Have you ever:

- Walked into a room as the only woman of colour and felt isolated or unsupported?
- Experienced discrimination, microaggressions, or been labeled a “diversity hire”?
- Felt limited access to promotions, leadership roles, or professional development?
- Been excluded from decision-making or social events?
- Struggled with chronic stress, burnout, or the stigma of seeking help?

You are not alone. These experiences are real, interconnected, and create significant hurdles. Over 68% of women of colour in Australia report workplace discrimination, with 93.8% identifying racism as a key factor. More than half experience high psychological impacts, and 85% feel excluded from decision-making¹
